

JIYA BHATI

Greater Noida, UP | jiyabhati026@gmail.com | [LinkedIn](#) | [Github](#)

Personal Statement

Full Stack Developer with practical experience in building responsive and scalable web applications and mobile apps. Skilled in API integration, UI/UX implementation, and developing AI-driven features. Demonstrated technical leadership and consistent project delivery during academic work.

Projects

HealthEdPro - *Mental wellness platform*

Nov 2024 | [\[Deploy Link\]](#) | [\[Github link\]](#)

- Developed a full-stack mental wellness platform with AI-driven features.
- Integrated Gemini API for personalized guidance and Google Books API for resource delivery.
- Built assessment, community, and emergency modules with responsive UI and optimized user flows.
- Tested with 500+ users during beta.

Krishisetu - *AI-enabled agricultural support application*

Nov 2025 | [\[Github link\]](#)

- Built a multilingual **React Native** app with **MongoDB** and **Firebase** backend.
- Integrated **AI pest/disease detection** and an **AI chatbot** with text + voice responses.
- Implemented **early-warning notifications** for crop risk alerts and optimized app performance.
